## Landmark of Hospitality

Many high-profile visitors choose the hotel for its mix of excellent business and leisure services and facilities. This includes the cream of the Asian entertainment industry, top sports teams, and of course, global diplomats and world leaders.

Harbourfront seclusion, a range of conference venues to suit six to 600 people, and all the business and I.T. support your company will ever need. Dine or entertain at any of our seven restaurants, and use your own private pier to cruise back to the city action in a matter of minutes. Harbour Grand Kowloon has venues to serve every budget and size, and can host virtually every type of event out there.

## Luxurious Accommodation

There is nothing in the world quite like the view from Kowloon to Hong Kong Island, and through the floor to ceiling windows of Harbour Grand Kowloon, this view is as clear and breathtaking as can be imagined. Spacious and wireless broadband Internet-ready, contemporary luxury is evident in each of the 554 beautifully appointed guest rooms and suites.

## Stay Fit and Relaxed

The picturesque rooftop swimming pool serves as a discreet destination for respite. It is a place where a sea breeze and 360-degree panorama of Hong Kong are complemented by the pleasing aesthetic of the transparent glass walled pool. Unwind at the pool bar, or host a cocktail function on the lower pool deck in the evening, with Hong Kong's skyline in the backdrop.

Meanwhile, we offer a full range of Spa Services using all-natural Jurilique products. From day spa programmes to foot massages and facials, we provide options for the most discerning customer.

## Sea Trip

Harbour Grand Kowloon has its own private pier on the waterfront just outside the hotel. Arrange a unique Hong Kong event with catered junk trips. Use convenient shuttle ferry transport to and from the Hong Kong Convention and Exhibition Centre.

## Personalised Hospitality

Harbour Grand Kowloon features extensive meeting and conference facilities. On the first floor, outside the pillar-less Grand Ballroom is a large 3,200 square-foot (300 sq. m.) foyer, which showcases magnificent views of Victoria Harbour.

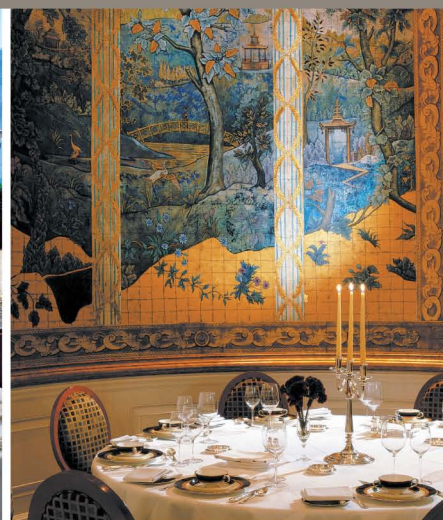

To cater for the needs of large scale international meeting groups and delegates, the hotel has a private driveway leading to the spacious main entrance, making it popular with meeting planners looking for practical convenience.

- Special Activities - a Yoga, Tai Chi or stretching class as a wake-up call, followed by an interesting Chinese Tea ceremony or Feng Shui class.
- Creative Events - a Hong Kong dim-sum style coffee break or a masquerade featuring a big band, our catering specialists can turn the party into a fantasy.
- Tailor-made Amenities - a creative in-room chocolate centre piece, a flower display, or towels and linen embossed with your company logo, every detail and personal touch can give a long lasting impression.
